

INDUSTRIAL PROJECTS and EXCEPTIONAL PACKAGES

HAROPA specializes in exceptional loads, "oversized" parcels and industrial projects. With its recognised know-how and dedicated equipment all along the Seine axis, HAROPA is a major player in this logistics and port activity.

Published on 22 February 2021

Why choose HAROPA ?

A FIRST-RATE MARITIME OFFER, CONTAINERS, RO-RO, CONRO AND MULTI-PURPOSE

- ▶ Weekly maritime connection with all your markets
- ▶ 1st northwest port reached by import and last port reached by export
- ▶ Reception of specialized ships, with or without sheerlegs, in a constant or tidal basin

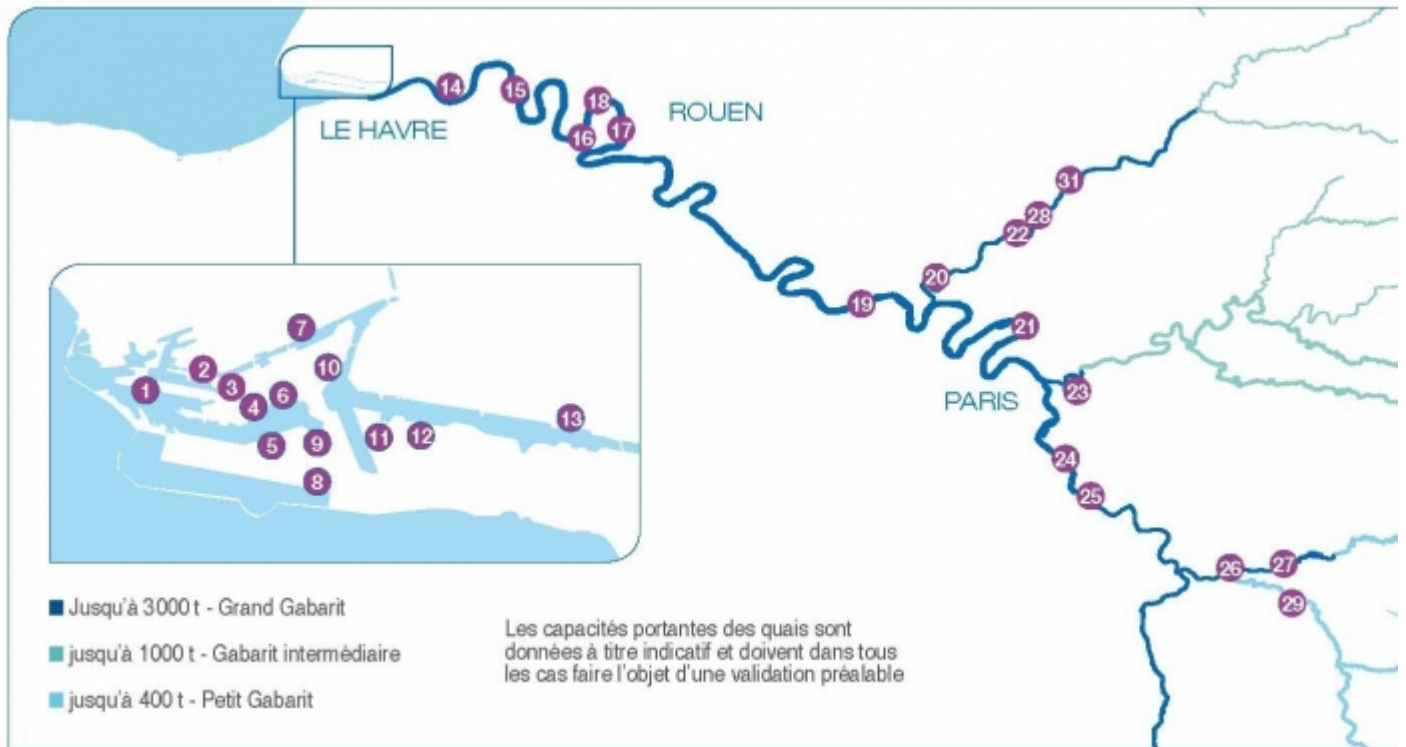

EXPERTISE AND SERVICES FOR YOUR INDUSTRIAL PROJECTS AND EXCEPTIONAL PACKAGES

□

Adapted infrastructure

- › 35 berths
- › Terminals with a punching resistance of between 4 and 10 tonnes

Find the "heavy loads transit procedure" in the download section at the bottom of the page.

A wide range of handling equipment for all your industrial projects

- › Horizontal (container gantry cranes, mobile cranes, crane (650t), sheerleg ships etc)
- › Vertical (ro-ro ramps)
- › Focus on 2 fluvo-maritime tools on the Seine axis: the Navy Blue barge and Nevez pontoon
